

Spring Debility

Is marked by loss of appetite, by weak, tired, languid feelings, and if the blood is very impure, by pimples, boils, eczema and other eruptions.

It is a condition in which it is especially hard to overcome the germs of infectious and contagious diseases, which invade the system, here, there and everywhere. The white blood corpuscles, sometimes called

Little Soldiers in the Blood because they fight the germs of disease, are too weak to do good service.

It is a condition, therefore, that not only makes you feel sick and miserable, but also exposes you to danger.

The extraordinary efficacy of Hood's Sarsaparilla in Spring Debility has been proved by the largest volume of voluntary testimony in the world.

Hood's Sarsaparilla cures all spring troubles, restores appetite, gives strength and animation, cleanses the blood, clears the complexion, and builds up the whole system.

And it is no trouble to take it—only three small doses daily.

Boils and That Tired Feeling.

"It is from a sense of duty that I recommend Hood's Sarsaparilla and write you this letter. Every spring I would have boils break out on my body and as the season became warmer, would have that tired feeling. This weakness and nervousness unfitted me for labor, so I began to take Hood's Sarsaparilla as a spring medicine, weighing only 132 pounds. I am glad to say it did me a wonderful amount of good, purified my blood, overcame that tired feeling, made my nerves quiet and steady, and my weight has increased to 196

pounds. I was constable in my little town for many years, able to handle the best of them, all owing to the benefit I derived from Hood's Sarsaparilla." Robert H. Despreaux, Middletown, N. J., Jan. 23, 1909.

Pimples and Poor Appetite.

"I am well satisfied with my experience with Hood's Sarsaparilla, and if ever I need a blood medicine again, I shall certainly take it. In the spring I had pimples and boils all over my back, with poor appetite, and general run down 'springy' condition. One course of treatment for my blood had done me no good, then I turned to Hood's Sarsaparilla, which did the business just right. It gave me a good appetite, and drove all the impurities out of my blood. Every opportunity I have to recommend this medicine, I gladly do so." H. P. Boyce, Battle Creek, Mich., Jan. 11, 1909.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Get Hood's Sarsaparilla today, in the usual liquid form or in the chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

CARING FOR HOMELESS.

Manchester Provides Shelter and Food for Fire Victims.

Manchester, N. H., April 10.—The problem of caring for several hundred persons made homeless by Thursday's fire in the tenement district is being rapidly solved by the people and government of this city. Thursday night all persons turned out of their homes had been provided places to sleep and plenty of food, and further steps have been taken to help the unfortunate.

An emergency committee has been appointed by Mayor Reed to take care of the funds being subscribed and handle the distribution of supplies.

Various organizations have planned to help the needy by offering clothing and the use of rooms and halls. Adjutant General H. B. Ciley has ordered a number of militia tents sent to Manchester for the homeless.

First Chief Thomas W. Lane was confined to his home yesterday as a result of an injury received while directing the fire fighting operations Thursday. He was tripped by a line of fire hose and fell, wrenching the ligaments of his knee. He continued to direct operations from a wagon in which he was borne from place to place.

ROOSEVELT AT PORT SAID.

Steamer Admiral, With His Party Arrived There Today.

Port Said, April 10.—The steamer Admiral with Theodore Roosevelt and the members of his party on board arrived here at 6:35 o'clock last evening.

The Admiral is bound for Mambasa, She left Naples early on the morning of April 6 and stopped that same afternoon at Messina, where Mr. Roosevelt called upon King Victor Emmanuel on board the battleship Re Umberto.

OUR CHALLENGE!

Rickert & Wells, Barre, Vt., Declare That Hem-Roid Will Cure Any Case of Piles.

By authority of Dr. J. S. Leonhardt, Rickert & Wells, Barre, Vt., guarantee that Hem-Roid, an internal tablet remedy, will cure any kind of piles, no matter how bad.

VULCANS 29 AND CO. F 24

Game Was Scrappy and Very Close

PLAYED AT NORTHFIELD

Some of the Northfield People Claim the Game for Company F by the Score of 26 to 25—What the Baskets Show.

The Vulcan basketball team of this city defeated Company F of Northfield on the latter's floor last night by the score of 29 to 24, in a rough game, for the amateur championship of the state, outside of preparatory schools. The game was not interesting to watch because of the tendency to scrappy playing on both sides. Richardson and Clark put up the best game for the Vulcans, each getting five baskets from the floor, while Laffey did the best for Company F, getting four baskets from the floor and two fouls.

The first period ended with the Company team in the lead by 8 to 6, but the Vulcans came fast in the second period and scored twelve points, at the same time holding the military boys to two points. The last period was close and fast, the Vulcans getting ten points and Company F fourteen, leaving the score 29 to 24. There was some difference of opinion over the score, as some of the Northfield men claimed that Company F won by the score of 26 to 25.

The line-up and score:
Vulcans. Co. F.
Richardson, r f. 1 g. Buzzell
Carson, Alexander, l f. 1 g. Lookin
Smith, r g. 1 g. Rogers
Clark, r g. 1 g. Stone
Bell, l g. 1 g. Laffey
The summary: baskets from the floor, Richardson 5, Carson, Alexander, Smith, Clark 3, Stone 3, Laffey 4, Buzzell, Lookin 3; baskets from fouls, Alexander 2, Laffey 2, Smith, referee, Moore; umpire, Lohby; time-keeper, Smith.

BARRE TEAM WON.

Defeated Montpelier Candle Pin Team, Three Straight, Last Night.

A picked five-man candle pin team representing Buzzell's allies went to Montpelier last evening to contest with a five-man team representing the Capital City. When the Barre team reached Daley's allies but three of the Montpelier team had appeared so the teams rolled with three men on a side. The Barre team took three straight and came home. Averill of the Barre team had the high single of 114 and the high three-string total, making 288.

THE DOUGHNUT IN LAW.

Besides the Hole There Must Be a Ventilating Tunnel.

Springfield, Ill., April 10.—Persons who guide legislative destinies are the authority for the statement that the pure cabbage bill and a measure to secure proper ventilation in doughnuts are being prepared and will be introduced next week. The doughnut bill, it is announced, will provide that each individual creation shall have a tunnel capable of carrying a specified amount of air. The pure cabbage bill will provide that 98 per cent. of cabbage seeds shall bear fruit.

FRANCE SOFTENS TOWARD CASTRO

If He Is Really Gravelly Ill He Will Not Be Driven from Martinique.

Paris, April 10.—If the state of Cipriano Castro's health is really so grave that his enforced departure from Fort de France, Martinique, where he now is, would be dangerous, the French government is prepared temporarily to suspend the decree of expulsion against him.

Fort-de-France, April 10.—Cipriano Castro, the former president of Venezuela, who disembarked here from the steamer Guadeloupe, two days ago, appeared yesterday to be in much better health than he was Thursday. He has received no official notification of the determination of the French government to expel him from the island of Martinique. He shows no perturbation and is awaiting developments with tranquillity. He spends his time quietly at the Hotel Ixelles and receives no one. Yesterday morning he spoke of the possibility of his going to St. Thomas, Danish West Indies.

TO HONOR ROOT.

Carnegie Gives \$200,000 to Hamilton College as Tribute.

Utica, N. Y., April 10.—It was announced yesterday that Andrew Carnegie has given \$200,000 and John D. Rockefeller \$50,000 to Hamilton college to form a trust fund as a tribute to Senator Elihu Root.

NEW MOVE ON FREIGHT RATES

New Haven R. R. May Make Agreement

WITH THE GRAND TRUNK

Retaining Present Charges for Northern New England—Objections Expected From the Trunk Lines.

New Haven, April 10.—In view of the present involved status of the controversy between the trunk lines and the New York, New Haven & Hartford railroad company over the New Haven-Canadian Pacific lower rates to the west, it is the opinion in railroad circles here that one solution of the trouble may be an agreement of the New Haven with the Grand Trunk road, by which the latter would obtain the same rates as now obtained in the traffic arrangements of the New Haven with the Canadian Pacific as an all rail combination.

Several weeks ago there were negotiations on this subject between the Grand Trunk and the New Haven, at the end of which the Grand Trunk refused to make certain concessions, and the negotiations ended. Such a settlement would retain the present rates for northern New England, which have recently been the subject of agitation in Massachusetts and elsewhere, but it would hardly be acceptable to the regular trunk lines, as tending to divert the business which in the case of the New Haven and Canadian Pacific agreement precipitated the whole trouble.

Further inquiry here indicates that the situation is now considerably more complicated than ever, particularly in view of the position of the Boston & Maine. The lake and rail rates will come into practical effect with the opening of the great lakes two days hence, and will probably somewhat affect the acuteness of the dispute.

HARDER NOW TO GET DIVORCE.

Both Parties Must Be Nevada Residents.

Reno, Nev., April 10.—The divorce only is much disturbed over a ruling yesterday by Justice Orr to the effect that both parties to a divorce action must be bona fide residents. The Southern divorce suit is so almost identical with the case in question. The decision was given in the case of Howland vs. Howland, in which the wife came here and caused papers to be served on her husband during a brief business visit. The court held such action to be illegal. He declared the law did not throw the courts in Nevada open to the world so that might come here, stay a day or so, the complainant starting the action and the defendant coming into the state to be served, and thus confer jurisdiction upon the court. There are at least fifty men and women here to procure divorces to whom the decision will apply.

BOY DARES FLAMES TO RESCUE HIS PAPA

Seven-year-old Lad Rushes into Blazing Tenement After Father, from Whom He Was Separated in Excitement.

New York, April 10.—Going back into a burning tenement house to save his father, from whom he had become separated, William Williams, Jr., 7 years old, received burns from which he died in a few hours.

The fire started a few minutes before 1 o'clock yesterday morning in the tenement at 2012 Third avenue, and raced through the building before anyone was awake, cutting off the stairways and enveloping the iron escapes in the rear. Ladders were raised to the front windows by firemen, who carried down all the members of the eight families, numbering from 25 to 30 persons, living in the house.

The tenement house is a four-story structure near One Hundred and Tenth street. The ground floor was occupied by the tailor shop of Louis Iseler, Pastryman Search at 12:30 o'clock saw that the rear of the shop was all ablaze. He ran into the house and rapped with his stick, shouting "Fire!" When part way up he saw the flames burst through the door into the hall and swirl up the stairs. Only one family got out without the firemen's help and before they arrived.

William Williams, a painter, living with his wife and four children on the top floor back, heard the shout of "Fire!" and gathering his brood together, managed to get down the stairs.

Little William Williams was somewhat dazed at first by being waked up so suddenly and dragged out into all the confusion by his mother. He got separated from his father and seeing the firemen carrying people down the ladder he got the idea that his father was still in the house.

Without an instant's hesitation little William gathered his night dress around him and ran back up the stairs. His mother caught sight of him just as he disappeared in the lurid doorway. Fireman Howe of engine 28 dashed after the boy. He found him lying unconscious at the head of the stairs, and catching him up escaped by a ladder at a front window. The boy was carried to a drug store to receive the first aid. William was a choir boy in the Church of our Lady, Queen of the Angels.

When the surgeon came the little fellow recovered consciousness, and seeing his father looking at him anxiously, he said:

"I'm not hurt so bad."

He told the surgeon if he was hurt much not to let his father know, because he would feel so badly. He lost consciousness again at 2:30 and died about 3 o'clock.

NEW GOLD FIELDS FOUND.

They Are Said to Be Richer Than Ever Discovered in Mexico.

Mexico City, April 10.—Word reached here this morning of the discovery of the richest placer gold fields ever found in Mexico. They are located in the state of Oaxaca, 45 miles from Sierra Blanca, on the Vera Cruz & Pacific railway. The discovery was made by accident by E. B. Inole.

The sands have been analyzed at the state university of Kansas and declared the richest ever sent there. The fields extend over 22,000 acres.

A BOMB IN RAILROAD CAMP.

Gov. Hadley Scores a Point in Missouri.

St. Louis, Mo., April 10.—Officers of the Missouri railroads were served with a temporary injunction shortly before midnight last night restraining them from putting into effect on Saturday the proposed three-cent passenger rate. The injunctions, which applies to eighteen railroads, was granted last night by Judge Williams of the circuit court.

Found \$1,000 Bill in Plate.

Washington, Pa., April 10.—In the collection of plate of the Roscoe Methodist Episcopal church after the services last Sunday a \$1,000 bill was found in the plate. The church officers think the donor made a mistake, as the yearly collections do not average much more than that amount. The officials in the advertisement offer to return the money to the owner if he wants it back and can prove that he inadvertently dropped it into the plate.

THE LONGFELLOW MONUMENT.

Unveiling in Washington to Be Held on May 7.

Washington, April 10.—The dedication of the monument to Henry Wadsworth Longfellow in this city has been fixed for May 7. President Taft will participate in the unveiling ceremonies and Chief Justice Fuller will preside. Addresses will be made by Bishop Mackay-Smith of Pennsylvania, General A. W. Greeley and Hamilton W. Mabie, the author. The monument, which practically has been finished, is situated at the corner of Connecticut avenue and M street, Northwest, and is of Bonacord marble from Scotland.

MOUNTAIN MOVES NEAR NICE.

The Result of the Railroad Excavations.

Nice, April 10.—A mountain has begun to move bodily as a result of railroad excavations in the Verdon valley. A large mass has become detached and is moving at the rate of sixty to seventy yards an hour.

KEPT SUICIDE FACT.

Bodies of Sweethearts Found on River Bank as Per Last Note.

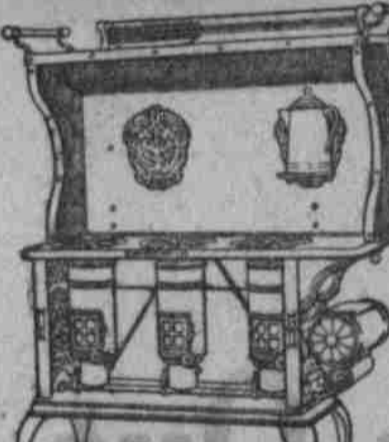

Alexandra, Mo., April 10.—Arms entwined, the bodies of Herman Bartlett and Belle Pugh, sweethearts, were found lying on the bank of the Mississippi, three miles below here, Thursday night, after a search of many hours following the finding of a note telling of their intended suicide together.

Through the forehead of each was a powder burned wound. A revolver lay beneath them. The young couple left their homes at 1 o'clock Monday morning. They wrote a note saying that they would drown themselves together at a stated place in the river.

One Life Lost.

Boston, April 10.—One life was lost and eight men narrowly escaped drowning through the capsizing in the channel back of Governor's island yesterday of the steam lighter Hetty Agnes. Captain Hugh Farrell of the vessel was unconscious when rescued from the water and died later in the day at the Relief hospital.

You Will Need an Oil Stove

When warm days and the kitchen fire make cooking a burden—then is the time to try a New Perfection Wick Blue Flame Oil Cook-Stove. Marvelous how this stove does away with kitchen discomforts—how cool it keeps the room in comparison with conditions when the coal fire was burning. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is the only oil stove built with a CABINET TOP for holding plates and keeping food hot after cooking. Also has useful drop shelves on which to stand the coffee pot or teapot after removing from burner. Fitted with two nickeled racks for towels. A marvel of comfort, simplicity and convenience. Made in three sizes—with or without Cabinet Top. If not with your dealer, write our nearest agency.

The **Rayo Lamp** Just such a lamp as every one wants—handsome enough for the parlor; strong enough for the kitchen, camp or cottage; bright enough for every occasion. If not with your dealer, write our nearest agency.
